- Duplicating your success

The details of our compensation plan in this overview show how the Max Compensation Plan makes it possible for you to become a successful, independent entrepreneur.
BUSINESS STRATEGY

The Max Compensation Plan is comprised of three primary sections that work in unison and rewards you as you build your business. This plan is designed to pay as you begin, as you grow, and as you mature your business. Each of the three sections contain complementary financial rewards. Together this creates a simple, rewarding plan that can provide you with multiple streams of income while growing your Max business.

RESIDUAL INCOME
The best businesses are built upon a solid foundation. In the Max Compensation Plan, Residual Income provides the strongest base for your future success. Over time, Residual Income may become your greatest asset.

- Binary Income
- Max Living Bonus
- Matching Check Bonus

BRIDGE INCOME
Bridge Income represents higher income levels that help “bridge” the gap between getting started and building a significant Residual Income.

- Fast Start Income
- Global Bonus Pool
- Prime Bonus

CUSTOMER INCOME
Customer Income provides you with more immediate returns whenever you share Max’s products directly with customers. Having Preferred Customers helps you build and meet Personal Volume (PV) qualifications.

- Retail Customer Income
- Preferred Customer Income
WHAT IS VOLUME?

Volume is the common international currency attached to every Max product. When product is purchased from Max, Volume is generated. Qualification and commissions' are directly related to Volume.

Every time product is purchased from Max, Volume is generated.

Every product has a purchase price and a Volume amount. Commissions are paid based on Volume.

Volume from your personal purchases is called Personal Volume (PV).

Orders from Preferred Customers also contribute to your Personal Volume and qualification.²

Volume generated on other Associates’ accounts is called Commissionable Volume (CV).

An Associate with less than 100 PV is considered Inactive.

An Associate with 100 PV or more is considered Active.

¹ Commissions are based on CV points of products purchased from Max and the current exchange rate multiplier.
² Excluding Prime Bonus.

Max is a global company and every Associate contributes to its worldwide growth. The Global Bonus Pool provides a way for you to earn shares of Max’s worldwide Volume.

**Global Bonus Pool**

**Binary Tree Qualifications / Paid Monthly**

- **Current Month’s Equivalent Volume**
- **Historical High Equivalent Volume**

**Increase your Equivalent Volume** by 1,000 CV above your historical high.

**Get 1 share of 1% of all of the Volume** that is generated at Max globally.

*Multiple shares can be earned in a single month!*

**1** This program is only available for those who have not yet achieved the rank of Platinum. Commissions are based on CV points of products purchased from Max and the current exchange rate multiplier.

**2** Shares can no longer be earned once your Pay Leg reaches 30,000 CV.
YOUR BINARY TREE IN ACTION

IN THIS EXAMPLE
1. You would be qualified for Binary Income because you are Active and have 1 personally enrolled Active Associate on your Left Leg and 1 personally enrolled Active Associate on your Right Leg.
2. Your Equivalent Volume would be 2,000 CV because this is the highest amount of Volume that you have for both legs.

ACCOMPLISHMENTS
After the month ends and commissions are processed, you would be paid on the Equivalent Volume in each leg at 5%.

This would give you $100 USD from each Binary Leg for a total of $200 USD total Binary Income earnings.

With 1 personally enrolled Active Associate on your Left Leg, 1 personally enrolled Active Associate on your Right Leg, and 2,000 Pay Leg CV, you would be qualified as a Bronze Associate.
ADVANCING IN RANK

At Max, each rank encourages the principles of teamwork, leadership, and duplication. Building Active Bronze and above Associates in your teams while increasing Pay Leg Volume will raise your earning potential and increase the stability of your residual income.

Paid-As Rank is determined based upon Volume generated within the current month (excludes Carry Forward Volume). Your Pay Leg can be either your left or right Binary Leg. Your Pay Leg will be the leg with the lesser CV amount during a calendar month.

**FAQS**

When are commissions paid?

1. **Weekly Commissions**: Based on sales that take place between Sunday at 12:00:00 AM (00:00:00) Mountain Standard Time (MST) and the following Saturday at 11:59:59 PM (23:59:59) (MST). These commissions are paid on the following Wednesday:
   - Retail Customer Income (Online)
   - Preferred Customer Income
   - Fast Start Income

2. **Monthly Commissions**: Based on sales that take place during the calendar month. Commissions are paid on the 15th of the following month that the commissions were earned. If the 15th falls on a Saturday, commissions will be paid out on the preceding Friday. If the 15th falls on a Sunday, commissions will be paid out on the following Monday. These commission types are the:
   - Prime Bonus
   - Binary Income
   - Matching Check Bonus (MCB)
   - Global Bonus Pool
   - Max Living Bonus

3. **Retail Customer Income**: Paid when the sale takes place. If the retail sale occurs online, the profit will be paid with the Weekly Commissions. Retail Customer Income is the difference between the retail price and the purchase price.

What does the Enrollment Fee allow an Associate to do?

By paying the Enrollment Fee and generating a minimum of 100 PV, the new Associate becomes qualified to:

- **Buy at purchase price and sell at retail price.**
- **Enroll Preferred Customers and earn a 25% commission on the CV generated from their purchases.**
- **Enroll new Associates, earn Fast Start Income and be eligible for all commission types.**
- **Access the Virtual Office.**

What is Carry Forward Volume?

Any amount of an Associate’s Strong Leg on the Binary Tree that is greater than the Pay Leg is carried over to the next month’s CV total. For example, if an Associate’s Left Leg of their Binary Tree is the Strong Leg for that month, then any amount of CV larger than the Pay Leg’s amount will be added to the Left Leg’s CV for the next month. Carry Forward Volume ALWAYS carries over to the same leg, Left or Right, regardless of which one is the Strong or Pay Leg.

**Note**: Carry Forward Volume does not expire as long as Associate remains active with 100 PV in a calendar month and the Associate earns at least one monthly commission within a rolling 12 month period.

What happens to my Carry Forward Volume if my Strong and Pay Legs switch places?

Carry Forward Volume always carries over to the same leg, regardless of which is the Pay or Strong Leg in any given month. If my Left Leg is my Strong Leg for January, then the Carry Forward Volume gets added to my Left Leg in February - even if it is the Pay Leg for the month of February.

After reaching Crown Diamond, how do I qualify my new Business Center for commissions?

Just as you qualified with your original Business Center, you will need to have 100 PV in any month for which you want to qualify to receive commissions. All new qualifying activity will be the same as your original Business Center.

Do I have to have 100 PV on both Business Centers?

Yes, each Business Center must meet its own qualification criteria.
**1. Active Associate** – An Associate with 100 PV or more within a calendar month.

**2. AutoShip** – Is the most convenient way for you and your Preferred Customers to receive product monthly. Just select your products and we’ll ship them to you the same day every month.

**3. Binary Leg** – All Associates are part of a Binary Leg. Each Associate is directly above a Left Leg and a Right Leg. These two teams together make up your Binary Tree. The lower Volume leg, whether left or right, is referred to as the Pay Leg. The other higher Volume leg is referred to as the Strong Leg.

**4. Bronze Enrollment Team** – An Enrollment Team that contains a Paid-As Bronze Associate within the first 7 Generations.

**5. Binary Tree** – All Associates are part of the Max Binary Tree. Each Associate builds a Left Leg and a Right Leg. These two legs together make up your Binary Tree.

**6. Business Center** – Your position in the Max Binary Tree created at the time you enrolled as an Associate with Max. Your Business Center is represented by a unique Max Identification number which is provided to you at the time of enrollment.

**7. Carry Forward Volume** – Volume on your Strong Leg that exceeds the total amount of your Pay Leg will roll-over to the same leg in the following month.

**8. Enrollment Team** – Is created by every new Associate that you enroll, and becomes a part of your Enrollment Tree. Each personally enrolled Associate represents the head of a new Enrollment Team.

**9. Enrollment Tree** – Every Associate that you personally enroll starts an Enrollment Tree. Any Associates that they enroll are also added to that Enrollment Tree, and the same goes for anyone who this next group enrolls. Each successive level of Associates is called a “Generation”, Collectively your Enrollment Teams make up your Enrollment Tree.

**10. Enrollment Tree Volume** – Total Volume generated from all Enrollment Teams.

**11. Equivalent Volume** – Is determined by the Commissionable Volume generated by the Pay Leg in a given month. For example, if the Pay Leg generated 2000 points and the Strong Leg generated 2500 points, the Equivalent Volume on both Pay Leg and Strong Leg would be 2000.

**12. Generation** – Each level of your Enrollment Tree is called a Generation. Your personally enrolled Associates comprise your 1st Generation. Any Associates who your 1st Generation enrolls comprises your 2nd Generation. Your 2nd Generation enrolls your 3rd, and so on. While this can continue infinitely, Matching Check Bonus (MCB) pays through your 7th Generation.

**13. Inactive Associate** – An Associate with less than 100 PV within a calendar month.

**14. Paid Rank (Paid-As Rank)** – Is the rank at which the Associate is paid for any given month.

**15. Pay Leg** – Every month, whichever leg, left or right, of your Binary Tree that generates the lower amount of CV is your Pay Leg. The Pay Leg determines how much of a Binary Income you earn for each month as well as contributing to your Paid-As Rank level.

**16. Pin Rank** – Is the highest rank achieved by an Associate.

**17. Power Team** – The Enrollment Team generating the highest amount of your Enrollment Tree Volume.

**18. PV Surplus** – When an Associate accumulates 100 PV within a calendar month, any additional PV over 100 that they receive from their personal purchases or Preferred Customers is then considered their PV Surplus. The PV Surplus counts towards an Associate’s Pay Leg Volume. Personal Volume from Enrollment Packs does not count towards PV Surplus. PV Surplus cannot exceed the Volume on the Strong Leg.

**19. Qualified Associates** – All Qualified Associates have enrolled a minimum of two personally enrolled Active Associates with 1 placed on the left and 1 on the right Binary Leg and have a minimum of 100 PV in a qualifying month to be paid Monthly Commissions.

**20. Strong Leg** – Every month, whichever leg, Left or Right, of your Binary Tree that generates the most CV is your Strong Leg. Any CV amount in your Strong Leg that is greater than the Pay Leg amount for a month carries over to the same leg for the following month.
